Item 2

Relationship and Services

What investment services and advice can you provide me?

C2M offers brokerage services to Retail investors. C2M is a boutique broker-dealer that offers private placement investment securities transactions. Retail investors may select their own investments or C2M will solicit accredited or institutional investors for Regulation A+ or Regulation D offerings.

- C2M does not monitor the performance of your investment.
- You may select investments, or we may recommend investments for you to consider, but the ultimate investment decision for your investment strategy and purchase or sale of investments will be yours.
- C2M offers and sells various private placement products, consequently the investment selection is limited and illiquid. Other firms could offer a wider range of choices, some of which might have lower costs.
- Each product we offer has a minimum purchase amount. Regulation D offerings require investors to have certain asset or income levels in order to invest. Regulation A+ offerings allow non-accredited investors to invest a maximum of 10% of income or assets whichever is greater.

CONVERSATION STARTER

- Ask your financial professional

Given my financial situation, should I choose a brokerage service/ why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean to me?

Item 3

Fees, Costs, Conflicts and Standard of Conduct

What Fees will I pay?

The issuing company will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Executing Broker Fees and Placement Fees are paid by the company issuing the securities. For additional information, please contact C2M directly.

CONVERSATION STARTER

- Ask your financial professional

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when providing recommendations? How else does your firm make money and what conflicts of interest do you have?

When we provide you with a recommendation, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the recommendations and guidance, we provide you.

Here are some examples to help you understand what this means.

- As an investor in a private placement, you do not pay fees directly to our firm, but fees are part of the offering price and paid by the offering issuer from proceeds of the offering. Depending on the offering, you may indirectly pay fees, expenses, and other forms of compensation, all of which are outlined in the private placement memorandum (PPM) or other offering documents.
- When we offer private placements, we are acting as a placement agent and earn fees in this capacity which creates a conflict because we have an incentive to make the offering successful.

For additional information, please contact C2M directly. Conflicts of interest are disclosed in the private placement memorandum for each investment offered and sold through C2M.
